

APPROVE:

Chairman of the jury

Spiridonov A.M.

**The technical regulation for
International Tuymaada Olympiad 2025 for School Students in Chemistry**

1. General provisions

1.1. The Technical Regulations for the International Tuymaada Olympiad in 2024 (hereinafter referred to as the Regulations) have been developed in accordance with the International Tuymaada Olympiad Provisions (hereinafter referred to as the Provisions).

1.2. In 2025, the Olympics in chemistry will be held both in person and remotely.

1.3. All the Olympiad events are in Moscow time (GMT+3/UTC +3), including the Regulations and Olympiad schedules on the Olympiad website (<https://tuymaada.lensky-kray.ru/>).

2. Registration

2.1. The participants should acquaint themselves with Provisions, Regulations and Olympiad Schedule, and register on the official Olympiad website within specified time frames.

2.2. Any participant who provides false personal information during registration may face Disqualification.

3. Proctoring system

3.1. The Participant agrees that an appointed person (hereinafter referred to as Proctor) will monitor all Participant's actions during the competition.

3.2. Participant is obliged to prepare his workplace according to the requirements specified in Regulations' Clause 3.4.

3.3. The Proctor has the right to make a remark or remove a Participant if the latter violates the Olympiad requirements specified in the Participant's Instructions.

3.4. Equipment requirements:

Parameter	Minimum Requirements
Workplace	Personal computer or laptop
Web-browser	Software versions below Chrome 136, Opera 119, Firefox 139, Edge 134, Yandex Browser 25
Operating system	OS versions below Windows 8, 10, macOS 15 Sequoia, Linux
Multimedia equipment	Two webcams ¹ with a resolution of at least 640x480 and a frequency of at least 15 fps, microphone and headphones
Speaker	Optional (for communication with a Proctor)
Network (Internet)	256 Kbps
Pens and blanks for decisions and answers	Pen with blue ink, blank – official, reference materials – official

3.5. The official chemical reference materials – the Periodic System of Chemical Elements and the Solubility Table of inorganic acids, bases, salts – are provided to the Participant together with the official blank.

4. Olympiad

4.1. The Olympiad in Chemistry will be held in one round lasting 5 astronomical hours.

4.2. The Participant must produce an ID card (passport or other documents with a photo) to prove his identity.

4.3. Participants can have only writing materials with him. A participant use only a standard A4 size paper. Mobile phones and other electronic communication and data processing equipment are not allowed.

4.4. Participants will be offered with theoretical tasks, full calculations of those is valued with 20 points. The conditions of the tasks were prepared by the Methodological Commission of the Olympiad in Russian and English. The Methodical Commission bears full responsibility for the correctness of the conditions in both Russian and English.

4.5. The Jury will guarantee that it will answer the questions of the Participants not earlier than 30 minutes after the start of the tour and will finish answering the questions 30 minutes before the end of the tour.

¹ *One of the cameras should be positioned to completely capture the face of the Participant. Usually, this is done using the built-in laptop camera, or a webcam mounted using its standard mount on the top frame of the monitor. Another camera should record the Participant's working (writing) table with a keyboard, mouse, and sheets on which the participant decides or draws up a solution to the problem. None of the cameras should be obscured by third-party objects.*

- 4.6. Only students who have completed 9th (for 11 years of the study) and 10th grade (for 12 years of the study) of a secondary school are allowed to participate in the junior league. All students are allowed to participate in the senior league.
- 4.7. The Olympiad syllabus in the junior and senior leagues similar to the Russian Chemistry Olympiad syllabus, with elements of the program of the International Chemistry Olympiad.
- 4.8. Participant work must be written in either Russian or English.
- 4.9. At the end of the round, the Participant must submit his work.
- 4.10. The Participant can submit his work ahead of schedule and promptly exits the system.
- 4.11 After collecting the works of all participants, Proctor transfers the works to the organizing committee for encryption of the works' author label.
- 4.12. After the end of the Olympiad, participants can receive electronically a methodological guide with possible solutions and approximate assessment criteria.
- 4.13. The Jury does not examine drafts
- 4.14. After the end of the check, representatives of the organizing committee decipher the work and post the preliminary protocols on the official website of the Olympiad.
- 4.15. Before the appeal, the Jury will announce the score criteria, which cannot be changed upon appeal.

5. Arbitrations/Appeal

- 5.1. Before the appeal, the Jury members acquaint the participants of the Olympiad with the solutions and evaluation criteria for evaluating tasks.
- 5.2. Participants can submit an appeal to the Jury. Applications are accepted only within the announced closing time for applications and only on special forms that participants can obtain at the place of the appeal.
- 5.3. Task evaluation criteria are not subject to appeal.
- 5.4. Only the text of the solution to the problem is re-checked, and the oral explanations of the participant are not evaluated during the appeal.
- 5.6. During the appeal, the evaluation of the discussed problem can be changed in any direction.
- 5.7. If the Participant does not agree with the evaluation even after the appeal, then the issue is considered again in the presence of the Chairman of the jury. The decision of the Chairman of the jury is final.

In case of violation of the Regulations, the Jury may disqualify a Participant by its decision.
